---

## EDUCATION

### Bachelor of Technology in Computer Science and System Engineering

Lendi Institute of Engineering & Technology • Vizainagaram, Andhra Pradesh, India • 2025

---

## EXPERIENCE

### Web Development and Designing

OASIS INFOBYTE

June 2023 - July 2023

• Designed a responsive website using WordPress, HTML, CSS and java script

### AWS Cloud Virtual Internship

Aws Academy

May 2023 - July 2023

• In my AWS Cloud Virtual Internship, I gained hands-on experience with AWS services, configured cloud infrastructure, and solved real-world cloud computing challenges.

### Data Analyst Process Automation

Ateryst

December 2022 - February 2023, Remote

• At Ateryst, I shone as a Data Analyst, specializing in process automation, enhancing efficiency, and driving data-driven decision-making.

### Web application Pentester

Indian Servers

December 2022 - February 2023, Remote

• At Indian Servers, I served as a Web Application Pentester, securing digital assets and identifying vulnerabilities to fortify online systems.

---

## PROJECTS

### Nova Home Automation

BUG.del • September 2023 -October 2023

• Created Nova Home Automation system, integrating IoT devices, coding automation routines, enhancing smart home functionality for convenience and efficiency.

### Todo list

BUG.del • [https://mindslayer001.github.io/oibsip\\_task3/](https://mindslayer001.github.io/oibsip_task3/) • May 2022 - May 2023

I assisted in designing and developing a user-friendly to-do app, offering task management features and intuitive user experience for enhanced productivity.

### Face Detection

BUG.del • March 2023 - March 2023

• Created a Face Detection app, utilizing computer vision to identify and locate human faces within images or video streams for various applications.

### OCR

BUG.del • January 2023 - February 2023

• Developed an OCR app, enabling text extraction from images, documents, and PDFs for enhanced data accessibility and digitization.

### Nova AI

BUG.del • November 2022 - December 2022

• Created and tested Nova AI chatbot, coding its functionality, collaborating with the team to meet project goals, ensuring effective deployment.
